TWO INCREDIBLE PETE DYE DESIGNS IN ONE LOCATION

The Birck Boilermaker Golf Complex features two 18-hole Pete Dye-designed championship golf courses.

KAMPEN-COSLER COURSE

#14 Golf Digest Top 25 College Courses
#3 PGA.com Top Nine College Courses
#14 Golfweek's Top 40 Campus Courses

In 1994, famed golf course architect Pete Dye walked what was then the North Course of the Purdue University Golf Courses. His goal was to come up with possible changes that could be made due to an upcoming road construction project. Dye's plan became much more than a simple renovation. His personal goal was to produce a golf course that would be both a challenge to the collegiate golfer and act as a classroom for the students of Purdue.

The result of the Purdue-Dye collusion is the Kampen-Cosler Course, a unique links-style layout with strategically placed waste bunkers, native grasslands, man-made wetlands and large greens. Measuring over 7,400 yards from the championship tees and just over 5,000 from the forward tees, it's a true test of golf for all players. Difficulty exponentially increases as the tee-choice moves back so great emphasis should be placed on the proper set of tees to play.

ACKERMAN-ALLEN COURSE

#1 NBC Golf Pass Golfer's Choice Top 25 College Golf Courses
#9 Golfweek's Top 40 Campus Courses

Have you ever played Pinehurst No. 2 or Torrey Pines? If so, you know the special feeling of golfing at a distinctive venue. We are excited to have created our own distinctive venue under the creative magic of world-renowned golf course architect Pete Dye.

Ackerman- Allen – formerly the Purdue South Course and later Ackerman Hills – originally was designed by Indiana Golf Hall of Famer Bill Diddle and built in 1934. It hosted the 1961 NCAA Men's Championships at which Purdue won the team title and Jack Nicklaus was the medalist. The course was modified in 1968 by Larry Packard to accommodate the expansion of the Tower Acres residential area. It was further developed from 1996 to 1998 as part of the opening of the Birck Boilermaker Golf Complex.

The Ackerman-Allen Course, is a parkland-style course with bent-grass greens, fairways and tees as well. With rolling hills, tree-lined fairways, white sand bunkers, and minimal water hazards, the Ackerman-Allen Course suits golfers of all abilities.

Both course are now included on the Pete Dye Trail, which presently consists of seven unique and challenging golf courses throughout Indiana.

KAMPEN-COSLER: AMONG THE NATION'S BEST GOLF COURSES

Kampen-Cosler is rated one of the top collegiate courses in the nation and has been awarded 4.5 stars on Golf Digest's "Places to Play." It is ranked as one of the most difficult golf courses in Indiana. The course has also played host to a number of prestigious collegiate and public tournaments.

The Kampen-Cosler Course has earned national acclaim from many that have played it. "They could have a U.S. Open here and it would be a good test," said longtime UNLV men's golf head coach Dwaine Knight after the 2017 NCAA Regionals. "You could host any tournament you wanted here."
